## Welcome to Little Explorers Nursery!

Myself and all the staff here can't wait for your children to begin so we can start making memories and getting them settled in with us.

Things have been a little different as we all know, but we will still be providing the best care and giving the children as many possibilities and experiences as possible. This half term we are looking at the story of 'Peace at Last', which is always much loved!

We cant wait to get stuck in with this.

## Useful points

- In Nursery we encourage the children to 'read' as much as possible to kick-start a love of stories. We have a sharing station at the front of Nursery and we will be encouraging children to choose stories to bring home to share with you.
- Snack is £2 a week—children receive a healthy snack every day and either milk or water
- All children have a cupboard in Nursery that's theirs to put everything in that they might need or they want to keep safe. Here is where they should have their wellies, and a bag of spare clothes—everything from pants and socks to trousers and jumpers!
